## **VOLUNTEER PROGRAMME IN KENYA, AFRICA**

### **International Volunteer Programme in Kenya**

**Get to know the world while helping others – a new country and a new culture helping those who need!**

The ADDHU/CYCA Centre for Orphaned Children (CfOC) is located in Ongata Rongai, in the neighborhood of Kware slum, not far from Nairobi, the capital city of Kenya.

The children were found at that slum and had no food, shelter or education. This Center, a joint Project of ADDHU, a Portuguese NGO, and CYCA, a local organization, aims to be, in the future a Center for Orphaned Children of excellence.

The children live and receive education at the Center until the age of 18 and they have psychological and medical care.

Beside English classes and the official school Programme, the children will have special training in IT, art, sport and civic rights.

We hope with this training and the help of the volunteers to improve the future of these children.

### **The mission of the volunteer**

**Duration::** From 2 weeks to 3 months.

**The volunteer will be lodged at the Center which has a capacity for 4 people simultaneously.**

**Volunteer work at the Center:** Participate in the daily life of the Center, interact with the children helping them in their learning process, teaching English, skills, and promoting games and ludic activities.

If necessary the volunteer should help in other activities at the Center such as painting, renovation and improvement works.
